

## Announcing a breakthrough in marking technology:

Now get your web address *up close and personal*, where it can't be missed.

### Your message on the eyeline!

It's a simple idea but highly effective and economical - your message, phone number or website address printed right on the eyeline, up close and personal, where it can't be missed.

| QUANTITY                     | 100   | 250   | 500   | 1000  |
|------------------------------|-------|-------|-------|-------|
| 1 colour print cost per unit | £1.25 | £1.20 | £1.15 | £1.10 |

The above prices relate only to the additional cost of printing your message on the eyeline. This will be extra to the cost of the mug and any other external printing. (subject to sight of artwork).

### Your message on the handle!

It's a totally different way to brand a mug - your website address, phone number or branding on the handle.

| QUANTITY                         | 100   | 250   | 500   | 1000  |
|----------------------------------|-------|-------|-------|-------|
| 1 colour print cost per unit     | £1.37 | £1.32 | £1.27 | £1.20 |
| Extra colour print cost per unit | 22p   | 20p   | 20p   | 18p   |

The above prices relate only to the additional cost of printing your message on the handle. This will be extra to the cost of the mug and any other external printing. (subject to sight of artwork).
